

How to Order Custom Video Brochures for Sales and Marketing?

It is very easy to order video brochures with your own design.

1) A pricing matrix covering all the standard print and screen options is available upon request in both £ GBP and \$ USD. Optional extras include:

- USB cable for recharging your device
- Additional memory, 128MB (standard) – 2GB
- Control buttons / touch screen controls

2) We provide a variety design templates and technical specifications for preparing artwork and video files. These can then be uploaded via our website.

3) Once we have received your art files we will prepare a .PDF proof of the printed packaging, compress and represent you video files for approval.

4) From this point it takes approximately two weeks to manufacture and deliver your video cards to a destination of your choice via DHL, our specialist freight partner.

If you have questions, just send email to sales@fun-tek.com . Our sales will get in touch with you quickly.
